

CLRC 2013

17th Coherent Laser Radar Conference

Barcelona, Spain
17-20 June, 2013

17th Coherent Laser Radar Conference (CLRC)

Barcelona, Spain

17-20 June 2013

Abstract and Manuscript Submission Guidelines

The conference will include both invited and contributed papers on all aspects of coherent laser radar technology and applications. The emphasis will be on the latest advances in the field including technology development, systems integration, signal processing and in-depth analysis of measurement campaigns.

1. Submitting conditions:

- An author or coauthor (including invited, and contributed speakers) will register at the author registration rate, attend the meeting, and make the presentation as scheduled.
- Authors and coauthors attending the meeting will obtain funding for their registration fees, travel, and accommodations, independent of CLRC 2013, through their sponsoring organizations.
- All clearances, including government and company clearance, have been obtained to present and publish.
- Please submit a **200-word text abstract** for technical review purposes that is suitable for publication. Accepted abstracts may be published with the printed Technical Program for distribution at the meeting. It must be suitable for early release. If accepted, this abstract text will be published prior to the meeting in the online programs promoting the conference.
- A full-length manuscript (**4 pages**) for any accepted oral or poster presentation will be submitted for publication in the conference's electronic Proceedings.
- Please, consult the Style Guide before submitting your work and prepare your manuscript in the accepted format (PDF). Abstracts and manuscripts must be in English.

2. Submit your abstract online:

- Have all contact information (full names, affiliations, addresses, phone numbers, and emails) for your coauthors ready.
- Only original material should be submitted. Abstracts should contain enough detail to clearly convey the approach and the results of the research/development.
- Commercial papers and papers with no new research/development content will not be accepted for presentation in this conference.
- Click "submit a manuscript" from the conference call for papers.
- You will be prompted to sign in to the EasyChair system and follow the submission wizard. If you have a EasyChair account, sign in using your username and password. First-time users of EasyChair can create a new account by clicking on the "create new account link".
- You will be allowed to update information, authors, and submit a new version of your manuscript until the Call for Papers closes.

3. Review, Notification, Program Placement, and Proceedings:

- To ensure a high-quality conference, the Conference Chairs and the Program Committee Members will review all abstracts and manuscripts for technical merit and suitability of content. Conference Chairs may require manuscript revision before approving publication. CLRC 2013's decision on whether to accept an abstract submission is final.
- The contact author will be notified of manuscript acceptance by e-mail no later than **April 8, 2013**.
- Final placement in an oral or poster session is subject to the Chairs' discretion. Instructions for oral and poster presentations will be posted in the Conference web page.
- Full-manuscripts will be published in the electronic Proceedings of the 17th Coherent Laser Radar Conference CLRC 2013. Only papers presented at the conference and received according to publication guidelines and timelines will be published in the conference Proceedings.
- Authors must be authorized to transfer copyright of the manuscript to CLRC 2013.
