

17th Coherent Laser Radar Conference (CLRC)

Barcelona, Spain

17-20 June 2013

Call for Papers is Now Open!

The conference serves as a biannual forum for the exchange of current and future developments within the field of coherent laser radar. The conference will include both invited and contributed papers on all aspects of coherent laser radar technology and applications.

It is intended that the meeting will highlight recent advancements in the field, including component technology and instrumentation, systems, measurements and processing techniques, and emerging requirements for coherent laser radar applications in studies of atmospheric, ocean, surface, and target properties.

View paper [submission guidelines](#) and other information at the [conference web page](#). Continue to check the website for the most up-to-date information on the CLRC 2013 program, important dates, and venue.

New Submission Deadline: April 1, 2013
